

Day13 - Feb 18th 2024

1. Woke up late as it was sunday
2. Cooked food for myself and we were out of groceries
3. Solved 5 leetcode SQL problems..most of them medium

4. Started doing a beginner data engineer project : **SuperStore Data Analysis**
5. Actually I have to start learning hadoop and Spark..as I was running hadoop on EC2 instance..I have download ppk key of ec2 instance and stored it in another laptop.
6. So I have to retrieve that file and start learning hadoop again
7. Going forward..will solve 2 SQL and 2 Problem solving questions and continue writing notes of what I learn.
